Hello, I am Puneeth B.U.

A highly motivated Computer Science student at PES University, with a good foundation in algorithms, programming, and data structures. Passionate about Artificial Intelligence and Machine Learning, I have hands-on experience in Python and C, with a proven track record of developing projects in web development and Python.

I want to get involved in innovative projects, learn rapidly, and continue to grow my knowledge about technology in a rapidly changing world. Looking for an internship that focuses on hands-on learning and preparation in a meaningful learning experience with real-world implications. With a strong desire for excellence and continuous improvement, I am confident of the ability to deliver results and grow with every challenge.
